

Video Instructions for Authors

In view of the COVID-19 pandemic, LASCAS 2022 has been moved to a hybrid conference. As a basis for the live programming, at least one author is required to be available and prepared to present your work and answer Q&A live with attendees. **A pre-recorded version of your presentation is required for inclusion in the virtual platform as well as for backup purposes in case of technical difficulties.** As a reminder, at least one author is required to [register for LASCAS 2022](#) for your paper to be published.

We request you prepare and upload a video of your presentation, consisting of a brief introduction with your webcam, if desired, followed by voice over slides for your presentation. This will be posted within your presentation time slot on the LASCAS 2022 on-demand virtual platform. Please note that the file must be a video file in MP4 format (more details below). Please do not try to upload PowerPoint or PDF files. **A submission URL and instructions will be provided by February 4, 2022.**

Our recommended approach is to record your presentation using Zoom while sharing content on your computer screen and recording your voice via the computer microphone. Zoom is available to users on most platforms and in most countries.

Instructions for recording your presentation with Zoom:

<https://ieeetv.ieee.org/ieeetv-specials/recording-your-presentation-with-zoom>

For Authors located in China who are unable to access Zoom for free, we recommend using the free software OBS, which also allows you to capture your slides and voice simultaneously:
<https://obsproject.com/>.

In order for videos to be verified by the technical program committee, there is considerable urgency in preparing and uploading your video. Accordingly, we ask you that you please finalize your video no later than **February 9, 2022.**

Guidelines for preparing your video:

- Duration: 15 minutes
- File size: 150MB max
- Video file format: mp4
- Dimensions: Minimum height 720 pixels, aspect ratio: 16:9

Please note the final specifications will be checked at the time of submission and files not compliant may not be uploaded.

Please be sure the video includes the title of the paper, the authors, and a mention to **LASCAS 2022.**

As a reminder, videos that are not received by the deadline will be considered no-shows in accordance with the non-presented paper policy.

We hope to make **LASCAS 2022** a success despite the difficult situation and this hybrid conference format. We thank you for your cooperation in this endeavor.
